Mathematics

Grade 1 · Term 2

Student edition

Outcomes: MA-1.1 numbers 21–99 and skip counting, MA-1.2 adding and subtracting within 20.

Lesson notes

MA-1.1 Numbers to 99 (Weeks 1–8)

1. **Tens and ones:** bundles of 10 sticks; 34 = 3 tens and 4 ones.
2. **Hundred square:** find numbers, spot patterns down a column (+10).
3. **Skip counting:** 2s to 20, 5s to 50, 10s to 100 with clapping.
4. **Compare:** bigger, smaller, before, after, between.

Common mistake: 43 and 34 mixed up; always say tens first.

MA-1.2 Adding and subtracting within 20 (Weeks 9–12)

1. **Number bonds to 10 (Week 9):** 7 + 3, 6 + 4 with a 10-frame.
2. **Make ten (Week 10):** 8 + 5 = 8 + 2 + 3 = 13.
3. **Subtract by counting back and by bonds (Week 11):** 15 − 7.
4. **Story sums (Week 12):** "5 birds, 4 more come. How many?"

Target: 8 of 10 sums correct without counting fingers.
