THE NOVA RESEARCH CURRICULUM

Digital Thinking, Art, PE and Character

Grade 2 · Term 1

Student edition

Hands-on and mostly off-screen. Skills are watched by the teacher; questions check understanding.

Digital Thinking (1 lesson a week, unplugged)

Outcomes: DT-2.1 ordering steps and finding the wrong step (Weeks 1–8), DT-2.3 private information online (Weeks 9–12).

Lesson notes: children put picture cards for a daily task in order (making a sandwich, getting ready for school), then find a step the teacher has swapped or removed ("debugging"). In Weeks 9–12: a story about a child asked for their address online; sort cards into "safe to share" (favourite colour) and "private" (full name, address, school, phone, passwords). Rule: if unsure, ask a trusted adult.

Workbook: number the steps for brushing teeth; circle the wrong step; colour the private information red.

#	Outcome	Question	Your answer
1	DT-2.1	To make tea, what comes first?	drink it / boil water / add milk / pour into a cup
