THE NOVA RESEARCH CURRICULUM

General Science and Social Studies

Grade 4 · Term 3

Student edition

General Science: SC-4.7 resources, SC-4.8 weather and climate, SC-4.9 the solar system and eclipses. Social Studies: SS-4.6 provinces and personalities, SS-4.7 money, banks and inflation.

General Science · lesson notes

- **SC-4.7 (Weeks 1–4):** renewable (sun, wind, water, forests if replanted) and non-renewable resources (coal, oil, gas); a class plan to save resources.
- **SC-4.8 (Weeks 5–8):** weather (today's temperature, rain, wind) vs climate (the usual pattern over many years); a one-month weather log and graph.
- **SC-4.9 (Weeks 9–10):** the Sun and eight planets in order; the Earth's rotation (day and night) and revolution (a year); solar eclipse (Moon between Sun and Earth) and lunar eclipse (Earth between Sun and Moon), shown with a torch and two balls.

Social Studies · lesson notes

- **SS-4.6 (Weeks 1–4):** each province's contribution: Punjab (farming), Sindh (Karachi port and trade), Khyber Pakhtunkhwa (fruit, the Khyber Pass), Balochistan (minerals, Gwadar port); one historic personality per group, presented by children.
- **SS-4.7 (Weeks 5–8):** from barter to coins, paper money and digital payments; banks keep savings safe and lend money; inflation means prices rise over time, so the same money buys less.

Workbook pages

Page	Outcome	Activity
1	SC-4.7	Sort resources into renewable and non-renewable.
2	SC-4.8	My weather log and graph.
3	SC-4.9	Label the planets; draw both eclipses.
4	SS-4.6	Province fact cards.
5	SS-4.7	Timeline of money; a price then-and-now table.

Question bank

#	Outcome	Question	Your answer
1	SC-4.7	Which is renewable?	coal / oil / wind / natural gas
2	SC-4.7	Non-renewable resources can run out. True or false.	True / False

#	Outcome	Question	Your answer
3	SC-4.8	"Lahore is hot in June every year" describes …	weather / climate / an eclipse / a season only
4	SC-4.9	How many planets are in our solar system?	7 / 8 / 9 / 10
5	SC-4.9	Which planet is closest to the Sun?	Earth / Venus / Mercury / Mars
6	SC-4.9	In a solar eclipse, the … is between the Sun and the Earth.	Moon / Mars / cloud / Earth
7	SC-4.9	Day and night happen because the Earth rotates. True or false.	True / False
8	SS-4.6	Gwadar port is in …	Punjab / Sindh / Balochistan / Khyber Pakhtunkhwa
9	SS-4.6	Punjab is known for farming. True or false.	True / False
10	SS-4.7	Exchanging goods without money is called …	banking / barter / inflation / tax
11	SS-4.7	Inflation means the same money buys …	more / less / the same / nothing
12	SS-4.7	Name one service a bank provides.	_____
