THE NOVA RESEARCH CURRICULUM

# English

Grade 5 · Term 1

Student edition

Outcomes: EN-5.2 inference and fact vs opinion, EN-5.4 (part) present perfect, EN-5.1 fluency (10 minutes every lesson).

## Lesson notes

### EN-5.2 Inference (Weeks 1–4)

Read a 400-word story; ask how and why characters feel and act; children answer with "I think ... because the text says ...". Use a clue-and-conclusion table.

### EN-5.2 Fact and opinion (Weeks 5–8)

A fact can be checked (Pakistan became independent in 1947). An opinion is what someone believes (Cricket is the best sport). Sort sentences from adverts and news reports; spot opinion words: best, worst, should, I think.

### EN-5.4 (part) Present perfect (Weeks 9–12)

have/has + past participle for experiences and recent actions: I have visited Murree. She has finished her homework. Irregular participles: gone, eaten, written, seen. Contrast with the past simple (I visited Murree last year).

## Workbook pages
